Summary

B.Tech CSE graduate with hands-on experience in developing user-friendly applications and a strong interest in emerging technologies. Quick to adapt to new tools, focused on problem-solving, and committed to delivering clean, structured work. Seeking an IT role to apply my skills, learn from real-world challenges, and grow professionally.

Technical Skills

- **Languages:** Python, Java, JavaScript, HTML
- **Frontend:** React.js, Bootstrap
- **Backend & Tools:** Linux, REST APIs
- **Databases:** MySQL, PostgreSQL
- **Developer Tools & Core Subjects:** VS Code, Git, DSA, DBMS, SQL, OS, OOP, Computer Networks

Projects

Speech to Sign Language Translator — Whisper API, Python, HTML, CSS, JavaScript

- Converts real-time speech into animated sign language for hearing-impaired users.
- Used Whisper API for accurate speech-to-text and built a responsive UI.

Driver Hiring Web App (MileHire) — HTML, CSS, JavaScript, React.js

- Built a simple, responsive interface for users to view available drivers and make basic booking requests.
- Implemented REST API integration to fetch and manage driver data smoothly within the application.

Experience

SDE - Intern — Xietus Lab (Remote)

Sept 2025 – March 2026

- Worked on real-world projects and learned React hooks, lifecycle methods, and component management.

Education
